April 21st – Early Recognition of Developmental Delay in Children

Martin T. Stein, MD

*Professor of Pediatrics; Division of Child Developmental and Community Health, UCSD
Rady Children's Hospital San Diego*

Objectives: At the conclusion of this presentation, participants will be able to:

1. Choose appropriate testing methods geared to each developmental age group.
2. Perform developmental testing and correctly intervene based on the results.
3. Use the information learned relative to various components of cultural and linguistic competencies (State Required AB1195).

April 28th – Osteomyelitis in Children

Paul Krogstad, MD

Professor of Pediatrics, Infectious Diseases; David Geffen School of Medicine at UCLA

Objectives: At the conclusion of this presentation, participants will be able to:

1. Describe the pathophysiology of hematogenous osteomyelitis.
2. Diagnose and treat higher incidence of certain complications (septic thrombophlebitis, soft tissue abscesses, etc.) associate with osteomyelitis due to community acquired Methicillin Resistant S. Aureus. (CA-RMSA)
3. Evaluate and perform initial management of osteomyelitis in children.
4. Use the information learned relative to various components of cultural and linguistic competencies (State Required AB1195).

Wednesdays 8:00 - 9:00 a.m.

Harold Wade Education Center, 2nd Floor CHOC West Clinic Bldg., 455 S. Main Street, Orange, California, 92868

These activities are in compliance with **California Assembly Bill 1195** which requires continuing medical education activities with patient care components to include teaching in the areas of cultural and linguistic competency.

Target Audience: Primary care pediatricians. Family practitioners, pediatric subspecialists, pediatric residents and other healthcare professionals involved in the delivery of care to infants and children are also invited.

Accreditation: CHOC is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. CHOC takes responsibility for the content, quality and scientific integrity of this CME activity. CHOC designates this educational activity for a maximum of 1.0 hour of *AMA PRA Category 1 Credit™*. Physicians should claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.

Financial Disclosure – No Commercial Support was received for these activities.
