

NPs: A VITAL PIECE OF HEALTH CARE

Fourteen counties make up the collective pieces of our state. In every corner, nurse practitioners throughout Vermont play key roles in the delivery of health care.

In its 23rd year, the gathering of NPs for the Annual Conference is more important than ever. Join us in Stowe this coming March as we cover timely topics such as:

- Women's Issues
- Care of our Veterans
- Mental Health
- Pharmacotherapy
- and more!

Stay tuned for details regarding Pre-Conference activities, beginning late Thursday afternoon, March 21.

March 21-22, 2013
Stoweflake Mountain Resort
Stowe, Vermont
